Pueblo of Cochiti
255 Cochiti Street
Cochiti Pueblo, NM 87072

Subject: Supplemental Environmental Projects - Accord Pueblo Outreach: Storm Water Sampling Equipment Transfer to Pueblo of Cochiti

Dear Mr. Pecos:

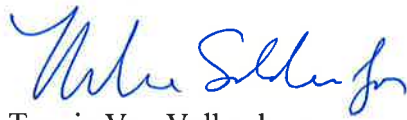

A Settlement Agreement and Stipulated Final Order (Settlement Agreement) between the New Mexico Environment Department (NMED), U.S. Department of Energy (DOE), and Los Alamos National Security, LLC (LANS), collectively, the Parties, for the purposes of resolving Compliance Order No. HWB-14-20 (the Compliance Order), issued on December 6, 2014, related to Los Alamos National Laboratory (LANL) resulted in the development of five Supplemental Environmental Projects (SEPs). An element of one of these SEPs is the Accord Pueblo Outreach.

The outreach subproject is intended to share skills, knowledge, and technologies associated with storm water sampling and monitoring with Accord Pueblos (Santa Clara, San Ildefonso, Jemez, and Cochiti). This subproject provides outreach opportunities so that the Accord Pueblos can establish new or improve existing sampling and monitoring capabilities. The technology transfer element of this SEP includes providing storm water sampling equipment to each of the participating Accord Pueblos.

The acknowledgment of transfer and receipt for storm water sampling equipment transferred from LANL, Environmental Protection and Compliance Division, Environmental Compliance Programs to the Pueblo of Cochiti is included in Enclosure 1 for your records.

If you have any questions, please contact Terrill Lemke at (505) 665-2397 (tlemke@lanl.gov) or Jaime Navarro at (505) 667-1517 (jaime.navarro@nnsa.doe.gov).

Sincerely,

Taunia Van Valkenburg
Group Leader

Sincerely,

Jaime E. Navarro
Federal Project Director

ACKNOWLEDGEMENT OF SAMPLING EQUIPMENT TRANSFER AND RECEIPT

Supplemental Environmental Projects – Accord Pueblo Outreach Storm Water Sampling Equipment Transfer to Pueblo of Cochiti

The Accord Pueblo Outreach is a subproject of the "increased sampling and monitoring for storm water runoff in and around LANL" Supplemental Environmental Project required by the Settlement Agreement and Stipulated Final Order- HWB-14-20. This subproject facilitates the transfer of skills, knowledge, and technologies related to storm water monitoring with Accord Pueblos (Santa Clara, San Ildefonso, Jemez, and Cochiti).

The outreach includes providing storm water sampling equipment to the participating Accord Pueblos. On June 20, 2017, LANS/DOE transferred the following equipment to Pueblo of Cochiti:

- 2 Teledyne ISCO Avalanche transportable refrigerated samplers
- Teledyne ISCO Avalanche manufacturer's instruction manual
- Teledyne ISCO Avalanche 6712 silicone internal pump tubing (size 15, 3/16 inch ID)
- Teledyne ISCO PTFE suction line tubing (3/8 inch ID)
- Connect cables for external 12VDC power source
- 2 Teledyne ISCO Avalanche 1640 Liquid Level Actuators
- 2 Greenlee Green Jobsite Chests (48"x30"x30")
- 2 solar panels (5.56A, 18VDC)
- 4 12VDC 110AH SLA batteries
